Dear Mr. Ames:

During the period of the interchange of our correspondence on the subject of Mr. McCone's statement of 19 February 1963 before the House Foreign Affairs Committee, the Committee's Subcommittee on Inter-American Affairs has released portions of the testimony given on subversion in Latin America. Mr. McCone's statement appears at page 63 of these hearings, a copy of which I am enclosing for your information.

I trust that recognition would be given to these hearings as an official document of the United States Congress.

Sincerely,

s/ Lawrence R. Houston
